And if you go through all the bills buddy and then look at scale and then look at spread (my retail +++ your wholesale) it's the most expensive(and best) HVAC work I've ever paid.

3:24:42 PM EST ✓

It's worth it if you realize that I realize that. It's not if you think I you are doing me a favor.

3:26:22 PM EST ✓

Like anything I do in life my goal is that I get only equal in return for what I'm giving.

3:27:13 PM EST ✓

You build a house and it's the finest craftsmanship in New England and I'm willing to pay a premium for the best. But I'm not willing to be made to feel like I can't ask for you to come here or anywhere and tell me when and be as appreciative for my business as I am for yours

Hi babe!  
Ufff just a financial situation. I'm supposed to stay on DR till Noemi's bday 2/10 she will be a teen finally  
But I'm so broke because when I arrived I brought what I thought was enough money for these two months but Nolan got sick (a stomach virus) and I had a huge hospital bill here.  
Now I'm stuck ....  
I think I may have to leave ASAP to work make and make money.  
  
I was trying to ask you for a loan but I also understood that you have some issues  
🙏 I'm just praying that my car here will sell ASAP so I can stay

You, your family and all of what you stand for regardless of life's bumps along the road is a complete definition of what family and life looks like and how we should roll with the punches but mostly making sure LOVE, Empathy and the ability to remain humble is never lost!

Why don't you take them up on their offer. There is a place I found in Colorado skii ect outdoor stuff. 90 days. You will be untouchable !!! You can start in you book on how f up the the system of recovery is. We can make a movie. ( I explain when we talk. ) you can have uninterrupted time to start on you first book. They are all the same. I have not mentioned this to a soul By that time we will have made it with all of these deals or not. I think we will. Don't tell a soul, maybe it can be a part of the book? It's not Fuchs a crazy idea. Talk about a hot topic. Think about it , getting out of harms way, and starting something you have always talked about doing. Write about something else. It's not such a crazy idea. Your father can take care of the girls. Deal with K when you get out?! In 3 mins we will have made it or not. I working and you are working ?? Food for thought. Love, U Jim. Just between us!!!!!!

3 months not minutes you meant right?

10:12:46 AM EST ✓

James J. Biden (+ [REDACTED] 8992)

Yes 2/3 months

10:13:48 AM EST

I can work when I'm in NYC all day every day for the next 3 months from 8-12z

But I can't pay alimony w/o Dad or tuitions or for food and gas. Really it's all gone.

I can go make it up in 15/20 days I'm sure, but he's basically made it clear that he's not paying alimony b/c Mom made clear that she won't do it. Hallie wont allow me to be at the house or lend me or pay me back any money.

Ashley moves into momoms house after I told dad that I would move in there.

I owe money to the doctor in Newburyport that I was working with and who was great.

And if dad was paying I was going to basically do the same thing in California where it's calmer sunnier softer and well away from all of them. But hallie and mom convinced dad that o was just lying and going to LA. He made it clear that he'd help if I stayed near home (so he could see me all the time). 7 inpatient rehabs now and he litteraly has never come to one never actually called me while in rehab. So that's a little insane.

This is all the result of what. I was complete sober Christmas Eve Christmas Day and the day after and the week before.

But Ashley and hallie and mom went to dad and said I was in real danger zone. Hallie went to aunt Val and missy and mom with Natalie there and sold the story I was threat to myself and others.

That's 3 hours after I told hallie if she would promise to never eve it me from the kids lives I would go to a program locally.

10:26:14 AM EST ✓

That night I tell dad I want to probably stay in the area and specifically I wanted to live by you and teach my course at Penn and maybe develop another one -/ something he dose t even knethat talked to Guttman about at Naomi's graduation.

10:28:12 AM EST ✓

He thought it was the greatest idea ever and made me wait in the kitchen so I could repeat the idea to Mom- he called her down I told her what I was thinking and she looked at me rolled her eyes And said well you're not going to be doing anything at all for yourself or your family if you just refuse to get sober.

10:31:02 AM EST ✓

I said Yung ow what mom you're a fucking moron. A vindictive moron. I suoorted my GM family including some of the costs you should have used your salary to lay for- for the last 24 years. And you d o know the drunkest I've ever been is still smarter than you could ever even comprehend and you're a shut grammar teacher that wouldn't survive one class in a ivy graduate program. So go fuck yourself Jill let's all agree I don't like you anymore than you like me..

10:34:46 AM EST ✓

Well that wa the eveidenv of my imminent death.

10:35:05 AM EST ✓

James J. Biden (+ [REDACTED] 8992)

This can work, you need a safe harbor. I can work with you father alone !! We as usual just need several months of his help for this to work. Let's talk about it. It makes perfect sense to me. This is difficult to fully vet without talking.

Brianna Bardhi (+19178875996)

I'm not insane . My actions have shown exactly who I am . What I am . How honest , sincere and unconditionally loving of a person to you. I will not tolerate anything less then you coping to the truth that you Robert Hunter Biden played your love towards me as a game for your own self gain . And pleasure , those are your issues not mine .
